**ENTREPRENEURIAL DEVELOPMENT CELL**

Sree Abiraami Arts and Science College for Women's Entrepreneurship Development Cell and Department of Business Administration jointly organize the Abiraami Plaza Programme on 16.06.2022 based on Entrepreneurship Promotion in Educational Institutions. All departmental students and faculty members participated in this program.

The attendees were greeted by Mrs. S.Indumathy, coordinator of the Entrepreneurship Development cell. The background of Abiraami Plaza and the significance of the entrepreneur were highlighted by Thiru M.N.Jothikumar, the chairman, Dr. R. S. Vetrivel, the Principal, Mr. K. Murugavel, the managing trustee member. The Vote of Thanks was delivered by Mrs. S.Jagadeeswari HoD/BBA.

Business management is a talent. The company concept itself is crucial. But the path to achievement does not end there. The journey is just getting started. The purpose of this event is to force them to travel all the way from the starting point to the finish line. In this situation, the students learn how to create a product and how to promote it. Students ran the event's booths, which featured food, games, handicrafts, and women's accessories, as well as chat goods, stationery items, mehandi, aari works, photo frames, steel vessels, calligraphy, dress materials, and makeup products, among other things. There were 38 students participating in the Entrepreneurer, and there were 18 stalls totally.

**Venue: Archaeological Museum of India, Vellore fort, Vellore**  
**Date: 10.05.2022**

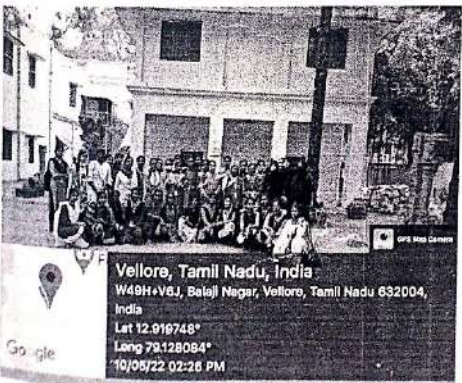

A batch of VIth semester students of department of chemistry along with three faculties visited **Archaeological Museum of India, Vellore fort, Vellore on 10.05.2022**. We visited this museum as a part of Industrial Visit. The Archaeological Museum in Vellore is a treasury for all the art and culture buffs seeking a chance to enhance their learning about historical art and culture. These effigies and arts from the 8th century give you chance to explore the rich historical past of the beautiful city of Vellore. The Major Highlights of the Museum are Sculptures, Artefacts, Paintings, 1806 Vellore Mutiny. The purpose of visiting this museum is to educate the scientific significance of culture and arts. It started with a presentation of explaining the majic jar followed by scientists photos, animals specimens, divine idols and statues etc.,

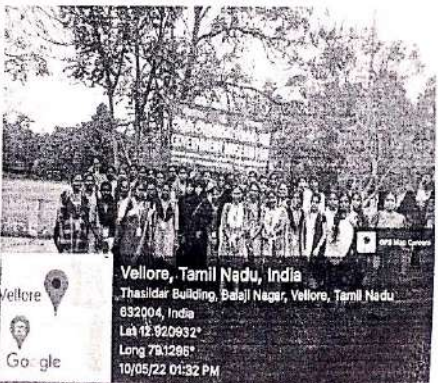

**Outcome of the Visit:**

After the visit, the students able to know

1. The importance of the culture
2. The scientific significance of the objects
3. to gain knowledge about the ancient paintings and sculptures
4. to study about the importance of archaeology

HAP is the world's first dairy company to develop and use thermal battery-based technology in its BMCs, for chilling milk immediately after procurement. This helps in chilling the milk right at source, even in rural areas with irregular power supply. The company employs at least two types of testing: Gerber Method and Eko Milk Analyzers. The milk is then subjected to pasteurization, homogenization and bacteria clarification all performed by a staff of professionals with the single-minded goal of adhering to the highest standards of quality. This visit was mainly focused on to understand the processing of milk involved, the technology and equipments used. Mr. R. Rajmohan (HR) explained about the facilities available inside the company. Respected Sir,

**Sub: Requesting to provide permission for visiting your esteemed industry - reg.**

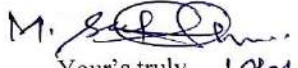

On behalf of Chemistry department, **Sree Abiraami Arts and Science College for Women, Gudiyatham**, I am writing this request letter to you for seeking your permission for an industrial visit in your esteemed industry.

We and the management wish to offer valuable practical education to the students based on the industrial visit. Hence, your firm is the best option to carry on such education trip. Totally, around **three batch (40 students) of the students** will be the part of the trip accompanied by **eight faculty** members. We just take a day for this industrial visit.

Hope you understand, the need of this trip for the education purpose.

Thanking you,

Respected Sir,

**Sub: Seeking permission for Industrial visit Reg.**

Good morning sir. This is for your kind perusal that, the Department of Chemistry got approval for Industrial visit from Thirupattur Co-operative Sugar Mills Ltd. Kethandapatti, Tamilnadu, (10 km from Jolarpattai Railway station) on 24.3.2022. Hence, I am seeking permission to take the students as (40X3 batches = 120 students) and accompanied with 7 faculty members for visit. As per the norms of Sugar Mill, Entrance fees need to be paid around 40 Rupees each, so please provide permission to collect it from the students. In connection with that, requesting you to arrange bus facilities to take our students in safe manner. I assure that, starting time at 9.30 am and return to campus at 4.00 pm respectively. Kindly do the needful.

A report  
on  
**One – Day Industrial Visit**  
Organized by  
**DEPARTMENT OF CHEMISTRY**

#### **Aim of the visit:**

The visit was aimed to enhance the knowledge of the students, to understand the operations that are used in the Sugar mills Limited and to understand the different process implemented to prepare sugar from sugarcane. At Industry students were able to see and understand different mechanical operation carried out in industry e.g. cutting, shredding, screening, centrifuging etc. Students have experienced the actual operations which are being taught in the classroom e.g. evaporation, crystallization etc.

#### **Report details:**

On receiving the letter of permission from Tirupattur Co-op. Sugar Mills Ltd., Kethandapatti, Tamil Nadu, 110 students (I, II and III year of B.Sc. Chemistry) along with Seven Faculty members Dr.M.Sakhivel, P.Indhumathi, P.Megaladevi, R.Anithalakshmi, R.Narmatha, D.Snega, R.Kiruthiga. went on an industrial visit to the factory on 24<sup>th</sup> March, 2022 (Thursday).

We all assembled at the college at 9:00 a.m. and left the college in two buses and we reached the factory at 12:00 p.m. The office manager Mr. V. Ramu received us at the entrance and gave a brief introduction about the factory. We were given masks to be worn. Then he took us around ,from one section to the next and explained the process involved in the processing of sugar. The workers were doing the work concentrated. Everyone was wearing masks. He showed how oxygen would be supplied in case of any toxic leak, etc. The visit came to an end at 2:00p.m.

We left the premises at 2:15 p.m. It was an informative, interesting and a successful visit. As students of Chemistry, We learned a few chemical processes involved in the sugar manufacturing. We express our thanks to the Principal ,who permitted us to go on the visit, the faculty members who accompanied us and the officials,who explained the various departments. Behalf the students ,I request you to arrange more industrial visit for students which can practically train the students.

The aim of visit was fulfilled at the end of “Tirupattur Co-op. Sugar Mills Ltd.” visit.

### 3.2.1 Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

#### Acknowledgement:

We would like to thank our Principal Dr. R.S.Vetrivel sir for permitting us for one -day industrial visit at Tirupattur Co-op. Sugar Mills Ltd., Kethandapatti, Tamil Nadu.

We would also like to acknowledge sd/-T.Manimekalai for allowing a visit in industry and to V.Ramu for giving his valuable inputs to the students and his excellent support throughout the visit.

#### Major products of the Industry are as follows:

##### Sugar:

The sugar which is a Carbohydrate is obtained from sugar cane and is known as Cane Sugar. It contains 99.50% sucrose. Actually cane sugar is chemically known as Sucrose which is disaccharide. It is soluble in water. Sucrose is dextrorotatory on hydrolysis.

##### Bagasse:

Bagasse is the residue obtained from crushing cane in the mills. It contains about 50% moisture and 2% sugar and the balance is fiber. It is also very commonly used as fuel in boilers in the Sugar Factory. Bagasse is used as a raw material for the production of Cellulose, Furfural, Paper, Particle board, Cattle feed etc.

##### Molasses:

Molasses which is also known as black strap molasses or treacle is a dark brown viscous liquid obtained as a by-product in processing Cane Sugar. It contains nearly 45% uncrystallized, fermentable Sugar & some Sucrose.

##### Rectified spirit (RS):

- It is manufactured by Formation & Distillation of molasses.
- It is used for manufacturing of Acetic Acid, Acetone, Oxalic Acid Absolute Alcohol & other various chemicals.

##### Absolute alcohol (ethanol):

- It is manufactured by Azeotropic distillation.
- It is used as Fuel in Automobile and also in Pharmaceutical Industries.

Feedback:

We visit the Sugar Mill Industries. We learn something about the process of sugar. How is loading, unloading, cutting. How the electricity is formed. How the boiler is worked.

We know the process of sugarcane is prepared into sugar. It is very useful for our studies also. What substance they use to prepare sugar.

Industrial visit.

- 1) This TV is very useful for me.
- 2) This will be useful for my study purpose.
- 3) But we need more time to see the whole factory / mill completely.
- 4) We learned a lot of information in the mill.
- 5) We learned about the fermentation process.

The Guest Lecture on DATA SCIENCE organized by the Department of Computer Science and Application was very informative. I would like to Thank sir for spending his valuable time with us. I personally loved the session. The whole session was very useful. First, I only knew what is data science? but after this session I was amazed to see the career opportunities and scope in DATA SCIENCE and Now I have a clearer idea about it. The lecture was truly worth it. I would like to Thank every one who made it possible. Thank you Dr.G.Ramesh Kumar sir, for being friendly and kind to us.
