GREEN CAMPUS POLICY

The institution gives primary importance to maintain a Green campus by enhancing eco friendly activities among the student community. A green campus is the place where environment and education hold hands together to envision a promising future. The participation of students and other stakeholders are inevitable in maintaining the green campus. The institution ensures green campus through Green Campus Cell, Eco Club, and NSS. The institution has framed the green policy to perpetuate a rapport between the environment and education.

Objectives:

- The primary objective of Green Campus Policy is to make the institution a self-sustainable one in terms of energy, water, and cleanliness.
- To create awareness among the students, teaching and non-teaching staff members to develop a healthy world.
- To amplify the importance of environment and ecosystem for a serene present, as well as future.
- To reduce the usage of non-renewable source and the emission of hazardous gases.
- To cherish the available resources.

Practical Principles:

- Usages of renewable resources are encouraged.
- Installation of solar panels to conserve non-renewable resources.
- Encourages paperless communication.
- All the waste materials are segregated according to their category and treated to make it less hazardous.
- Plastic bags are banned and the usages of cloth bags are encouraged inside the campus.
- To reduce air pollution, students and staff members' vehicles are made to halt their vehicles outside the campus.
- In order to reduce the pollution, Teaching staff, non-teaching staff and students are motivated to use the college transport facility.
- Utilization of energy efficient equipments are promoted.
- Rain water harvesting
- Awareness programmes are conducted on environment through clubs and cells.
- Taps and pipelines are regularly checked to avoid leakage.

A report
on
CAMPUS CLEANING
Organized by
GREEN CAMPUS CELL (GCC)

Clean Campus promotes Hygiene, It improves hygiene levels on campus and also helps to reduce the spread of sickness, maintaining a clean college environment sets a good example to students. Cleanliness encourages learners to take pride in their college, which makes them less likely to drop litter. As such, they will potentially make a bigger effort to maintain their environment. Cleanliness gives rise to a good character by keeping the body, mind, and soul clean and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and internally.

The GCC has organized a Clean Campus campaign on 5th Jan 2020 to educate and promote civic sense among the student community. GCC students went to all the classes and were briefed about the importance of the cleanliness of the campus. Students were advised not to throw paper plates, water bottles, paper cups, tissues, and many unwanted things on campus Lawns, Library, cafeteria, garden, sitting Area, corridors, classrooms, pathways, and other open areas which are very unhygienic to all of us. They were also informed to make the college campus & classrooms a beautiful place for one and makes individuals healthier when the environment around them is healthy classrooms a beautiful place for one and it makes individuals healthier when the environment around them is healthy.
