CHAIRMAN'S MESSAGE:

Our vision is based on hard work, open communication, a strong emphasis on team work and a high level of responsibility. This visionary culture allows and emphasizes our wards not only to adopt the present day challenges but also individual responsibilities to the society and our nation at a large. Learning should be based on doing things and not merely knowing things. Until and unless learning solutions relate to real life and motivate the learner to acquire and apply the knowledge, the whole process will remain superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders. Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. The service of the institution in creating personally mature, professionally equipped and service-oriented graduates is really worth mentioning. We strongly believe in academic excellence and do not compromise on teaching standards or discipline. These three things are the springboards on which we operate. People who feel good about themselves produce good results and people who produce good results feel good about themselves. We also believe in total learning and sharing.

PRINCIPAL'S MESSAGE:

A desire can change nothing, a decision can change something but a determination can change everything."I have great pleasure in conveying my best wishes over the years the college has achieved continuous success in serving the cause of higher education in this locality. I congratulate the staff and students who used various mediums of expression to present their ideas. As long as the ideas are expressed and thought kindled, we can be sure of learning, as everything begins with an idea. To be successful in life, have ambitions and define your goals clearl

Discipline and hard work are the keys to success. Be regular in your classes and focus on your goals. In Sree Abiraami Arts and Science College for Women, it is believed and practical that excellence is a continuous process and in pursuit of which the institute has made deep forays into contributing worldrenowned technocrats, successful entrepreneurs, competent leaders, innovative scientists and researchers. Your concerted efforts with the able guidance of the teachers would definitely provide you a blissful and successful life. I, on behalf of Sree Abiraami Arts and Science College for Women family wish you all the best for achieving greater success and scaling new heights in the coming session.

VISION

To emerge as a renowned women institution in academic excellence, equipping students with intellectual, spiritual and emotional strength to face the global challenges.

MISSION

✓ To set a standard in the realm of education by combining several fields of study.
✓ To educate and equip women with knowledge and skills needed for successful life.
✓ To provide value based education
✓ That integrates arts, science and spirituality.
✓ To provide faculty with domain specific knowledge and ICT skills.
✓ To concentrate on sensitive social issues throughout reach and extension activities.
